The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds the prior arts do not teach or suggest the invention as claimed such steps of providing a circuit board strip including a plurality of unit circuit boards, each unit circuit board having a plurality of first ball lands formed at a first major surface thereof, a plurality of bond fingers formed at an opposite second major surface thereof, vias through the circuit board each electrically connected between a bond finger and a first ball land, and a through hole between the first and second major surfaces; receiving in each through hole a semiconductor chip having a first major surface, and an opposite second major surface provided with a plurality of input/output pads thereon, wherein the second major surface of the chip faces in the same direction as the first major surface of the respective circuit board.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
